# aalto

10 LITRES

### Aalto Ultra Premium Exterior Finish Coat

The ultra premium choice to beautify and protect all your exterior surfaces, formulated specifically for New Zealand's unique conditions

15 year guarantee

Coverage: 12-14m<sup>2</sup> per litre

Before proceeding with your project, we recommend reading the product data sheet for more detailed preparation and application details.

A copy of the data sheet can be downloaded online at [aaltopaint.co.nz](http://aaltopaint.co.nz)

Preparation

Ensure surfaces are dry and free from loose and flaking paint. Wash surfaces with a suitable cleaner such as sugar soap prior to painting to remove dirt, oils, grease and other contaminants. Where there has been mould, treat the area with a mould remover.

Stir well before and during use with a broad, flat paddle, using an up and down scooping motion.

Always check colour is correct before application.

Application Method

Brush

Roller

Spray

For best results, Aalto recommends using premium quality tools and accessories. For specific recommendations, refer to the product data sheet.

Drying Time

Touch Dry

Recoat

Clean Up

Water Wash

Dry times are typical at 20°C and may vary. Do not paint if air or surface temperature is less than 10°C or above 35°C. High humidity will increase dry times. Ensure rooms are well ventilated when painting.

Surface	First Coat	Second Coat	Third Coat
Weatherboards (pre-primed)*	Aalto Ultra Premium Exterior Finish Coat	Aalto Ultra Premium Exterior Finish Coat	Aalto Ultra Premium Exterior Finish Coat (if required)
New timber, concrete, fibre cement, brick	Aalto Ultra Premium 3 in 1 Undercoat or Aalto Ultra Premium Exterior Finish Coat	Aalto Ultra Premium Exterior Finish Coat	Aalto Ultra Premium Exterior Finish Coat
Galvanised iron	Procoat by Aalto Galvanised Iron Primer	Aalto Ultra Premium Exterior Finish Coat	Aalto Ultra Premium Exterior Finish Coat
Previously painted surfaces	Spot prime if required with Aalto Ultra Premium 3 in 1 Undercoat	Aalto Ultra Premium Exterior Finish Coat	Aalto Ultra Premium Exterior Finish Coat

\*Refer to manufacturers coating guidelines

Care of the Paint Finish

Maintain your exterior paint finish by washing it every 12 months (after each winter is a great time), with a suitable exterior cleaner to remove dirt deposits. We do not recommend the use of bleach as this can affect the appearance of the colour over time. Dirt, salt, and bird deposits left on the paint surface will encourage the growth of mould, and affect the paints performance.

Caution

Causes serious eye irritation. May cause an allergic skin reaction. May cause harm to breast-fed children. May cause damage to organs through prolonged or repeated exposure. Harmful to aquatic life with long lasting effects.

Protect our Environment

Never dispose of paint down stormwater drains or sewers. Unwanted paint should be brushed out on newspaper, allowed to dry and then placed in domestic waste, or sent to an approved council recycling depot.

Handling Precautions

Read carefully and follow all instructions. Read Safety Data Sheet before use. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not breathe mist/vapours/spray. Wash hands thoroughly after handling. Avoid contact during pregnancy and while nursing. Do not eat, drink or smoke when using this product. Contaminated work clothing should not be allowed out of the workplace. Wear protective gloves/protective clothing/eye protection/face protection. Avoid release to the environment. Store locked up.

First Aid

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing. If eye irritation persists: Get medical advice/attention. **IF ON SKIN:** Wash with plenty of soap and water. If skin irritation or rash occurs: Get medical advice/ attention. Take off contaminated clothing and wash before re-use. Get medical advice/attention if you feel unwell. IF exposed or concerned: Get medical advice/attention.

15 Year Guarantee

Aalto Group guarantees that Aalto Ultra Premium Exterior Finish Coat will not blister, peel, or flake for 15 years, provided it is applied on properly prepared surfaces, as per label and data sheet instructions. This guarantee does not cover paint failure caused by any breakdowns of previous coatings, substrates, or mechanical damage. If Aalto Ultra Premium Exterior Finish Coat does not perform to our guarantee, Aalto Group will provide paint free of charge to rectify the affected area.
